Dear Tett,

Due to personal and unfortunate circumstances I find myself in the process of eliminating various coins from my collection.It is my understanding that you have quite an extensive collection of error half cents that compliment your variety collection. I have a rather dramatic double-struck 1804 C-5 that I think you will be interested in. I have enclosed Noyes photographs for your review. I have also enclosed a photocopy of the obverse and highlighted the three numbers of the date that are visible.

I believe this to be a very early die state because the obverse bulge is not fully developed and the reverse bi-lateral crack is incomplete.

My asking price is $3,000, which of course ,includes the Noyes photos. Should you be interested please notify me as soon as possible as I plan to take this coin to the Long Beach show on June 3-6. However, if you are not interested please return my photos.

Call between 8-10 PM
offered him $1600, take it to Long Beach, let me know (6503) Then send photos OR buy

Thank you

Leonard Wingo
